DIGITAL LANDSCAPE ARCHITECTURE DLA 2010 CONFERENCE

Dear Sir / Madam,

We are very pleased to invite your members to participate in the 11th International Conference on "Digital Landscape Architecture DLA 2010" in English, organised by Anhalt University of Applied Sciences in corporation with LE:NOTRE and ECLAS Committee on Digital Technology, at Aschersleben, near the Harz Mountains, Germany.

New Information Technologies is challenging the field landscape architecture daily. Strategies to meet this challenge will be presented as exchange platform for practicing Landscape Architects, Landscape Architecture Schools, the related Software Industry and Research Labs. We will hold three and half days of interactive research workshops on standardization, teaching digital methods and presentations followed by a half day excursion. Also the conference is complemented by a poster exhibition and an integrated **DLA 2010 Summer School** program.

More than 40 lectures given by speakers from Landscape Architecture schools and leading landscape architecture offices from 15 different countries and will be discussing the following:

Wednesday, May 26

Public Evening Lecture by Prof. Carl Steinitz, GSD Harvard:
Landscape Architecture into the 21st Century

Thursday, May 27

Sustainable Landscape Modeling and Design - Knowledge-Based Design and Planning
Workshop: BIM and LIM Standardization

Friday, May 28

Landscape Information Models - 3D+4D Landscape Modeling and Visualization
Workshop: Teaching Digital Landscape Architecture

Saturday, May 29

Innovations in Communicating Landscape Architecture
Presented by GROSS.MAX, Büro Kiefer, KARRES EN BRANDS, TOPOTEK 1, SINAI, SNOW a.o.

You can register for single days. Further information on the Conference can be found here: www.digital-la.de

We solicit you to submit to us your contribution to the **DLA Poster competition** on our online review system. They will be presented and evaluated in the presentation.

We are looking forward to welcoming you at this event!

From the conference team,

Erich Buhmann
