An architectural rendering of a public park area. The scene is set in a paved plaza with large, dark rectangular paving stones. In the foreground, two men are walking towards the left. One is wearing a dark jacket and jeans, the other a brown jacket and jeans. In the middle ground, a group of people are sitting on a low, wide concrete bench. Some are talking, others are looking at their phones. A man is crouching on the ground, playing with a child. To the right, a group of people are sitting at outdoor tables under a large yellow umbrella. In the background, there are several trees with green foliage. A blue bus is visible in the distance. The sky is blue with some clouds. The overall atmosphere is bright and sunny.
